A NEW FRONTIER
IN NAVAL DESIGN

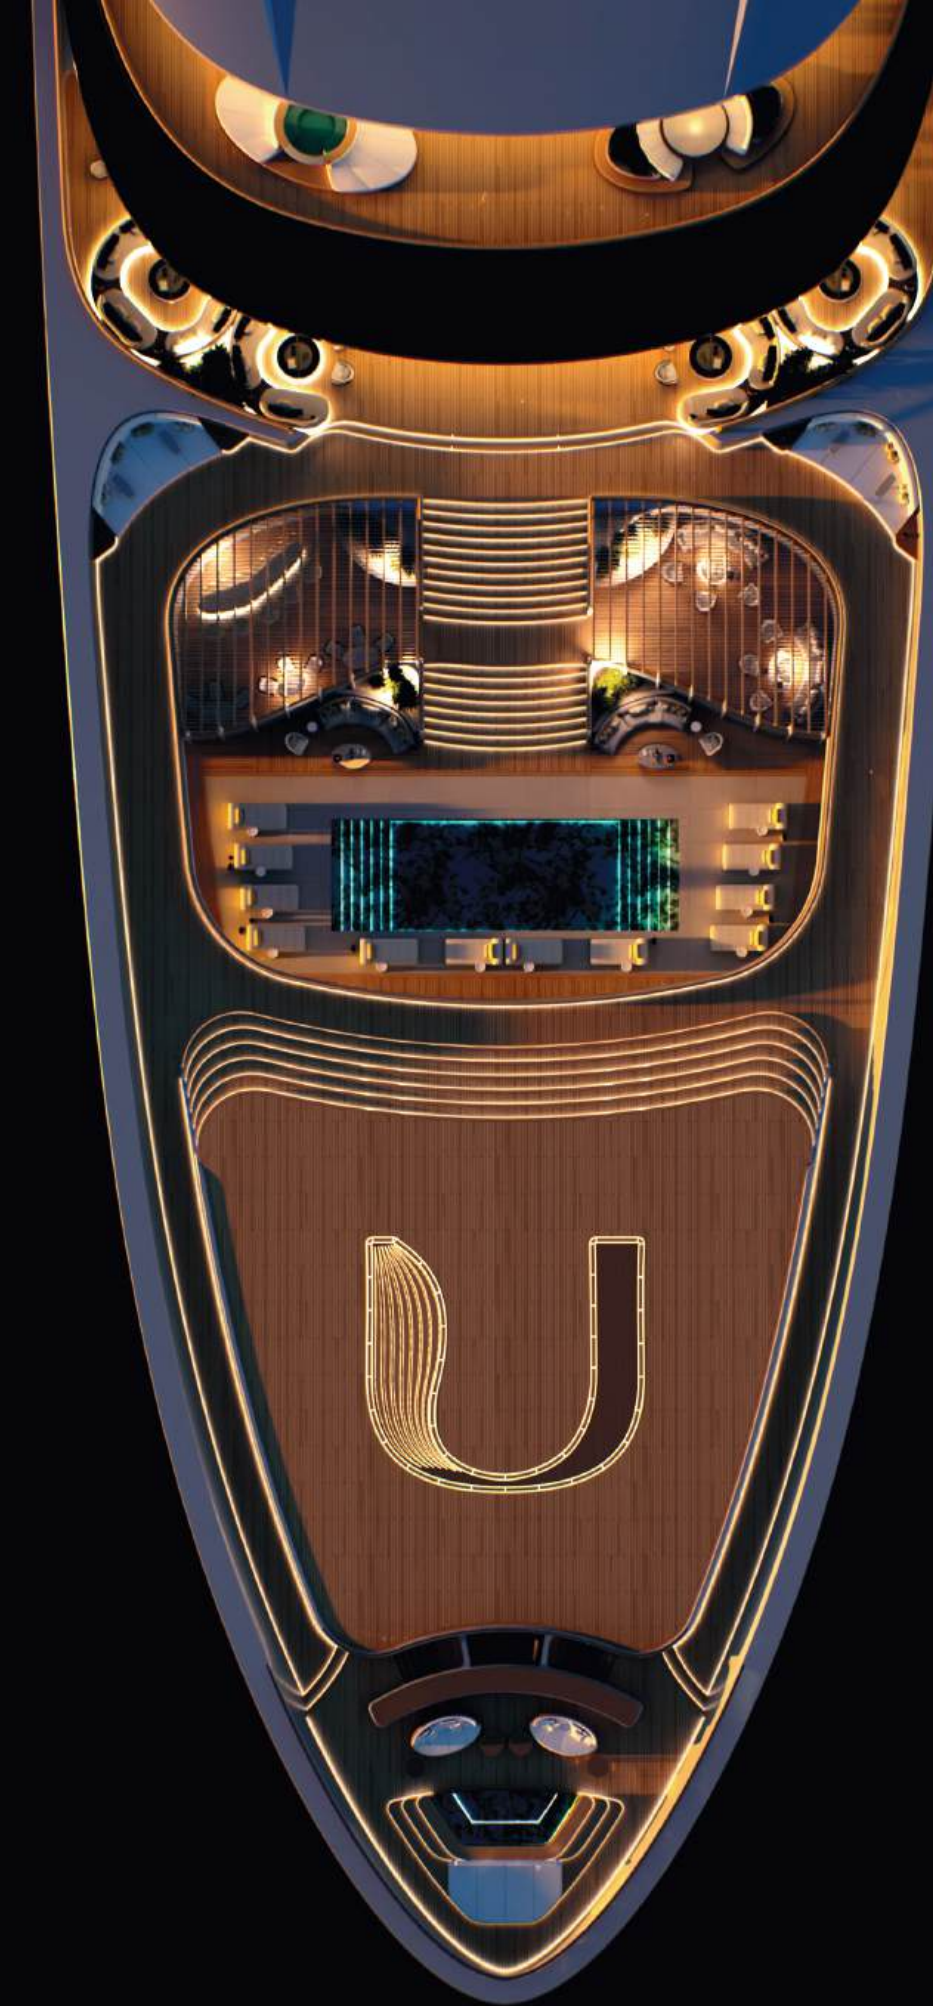

WORLD-LEADING NAVAL ARCHITECT

Building an industry-redefining vessel like ULYSSIA requires an unprecedented team of experts. Spearheading the design is renowned naval architect Espen Øino, who has over 20 years of experience in crafting custom superyachts for clients all over the world. Working closely with the ULYSSIA team, Espen has used his experience to push the concept of a residential vessel beyond anything seen before.

BUILT BY THE FOREMOST AUTHORITY IN MODERN SHIPBUILDING

Enlisting the German shipyard Meyer Werft will ensure the highest build quality possible. Known for crafting vessels that truly stand in a class of their own, Meyer Werft are one of the largest and most modern shipbuilders in the world, with over 230 years of experience.

YOUR HOME
AT SEA

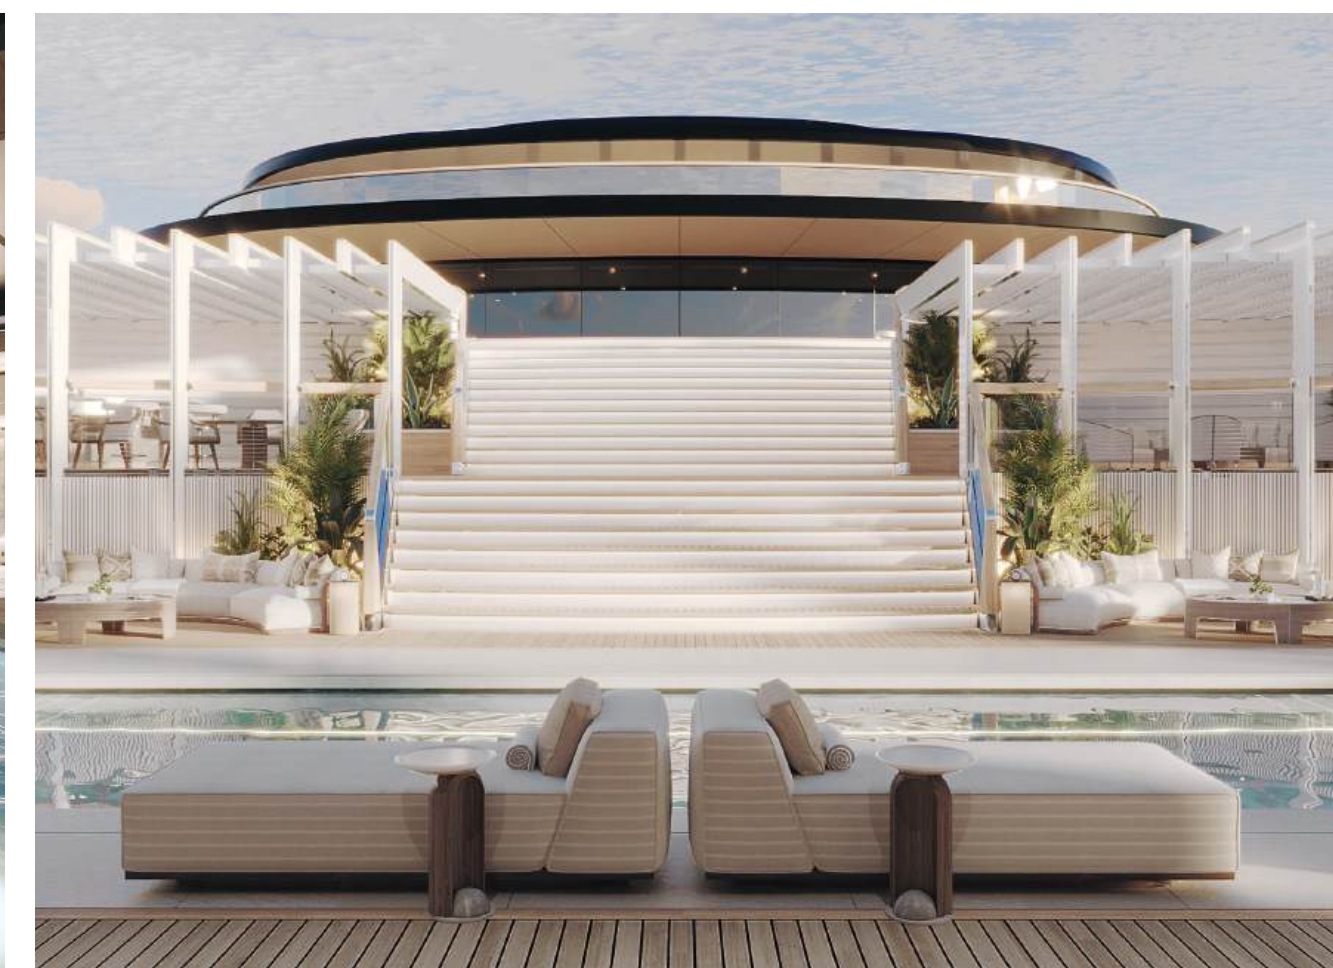

Owners can furnish their individual residences down to the finest detail, collaborating with some of the world's most renowned interior designers.

FRANCESCA MUZIO

Francesca Muzio's eponymous studio, FM Architettura, has designed more than 100 superyachts and megayachts, high-rise residential buildings and hotels across more than 20 cities in 14 countries around the world. As lead interior designer of ULYSSIA, Francesca Muzio is in charge of common spaces. Her FM Architettura team will also be available for the design of individual residences.

JEAN-MICHEL GATHY

Recognised for his exceptional contributions to hotel design, Jean-Michel Gathy was inducted into the “Platinum Circle of Hospitality Design” in 2006, cementing his status as an industry icon. His innovative and captivating designs have graced the most prestigious hotels, such as Aman Resorts, Four Seasons and Cheval Blanc. In 2019, the King of Belgium conferred upon Gathy the title of “Officer of the Order of the Crown” for his outstanding professional achievements and contributions to the world of design.

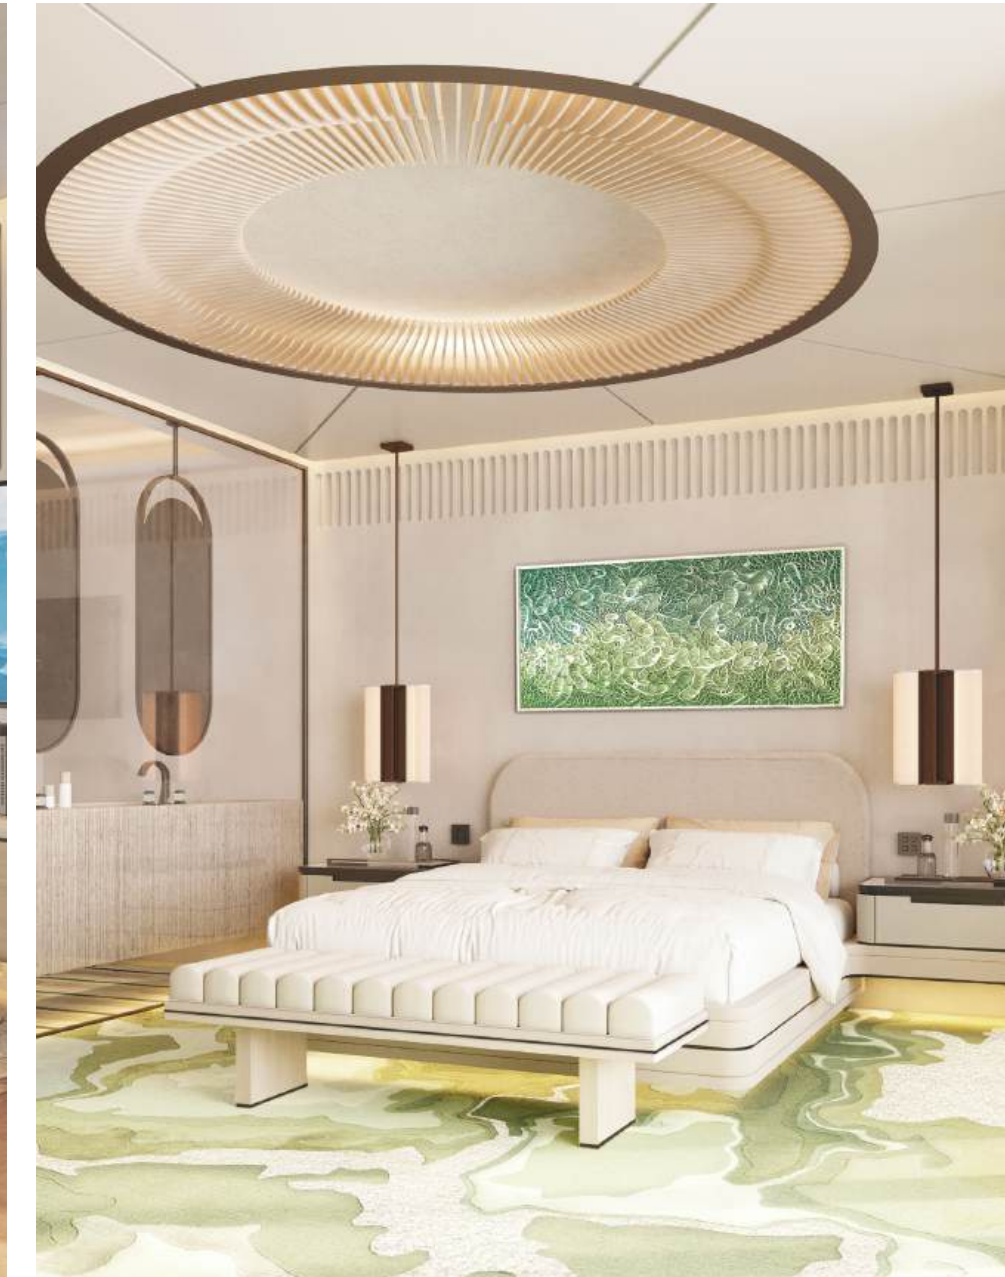

NICOLE HOLLIS

Founded by Nicole Hollis in 2002, NICOLEHOLLIS, Inc. is a San Francisco-based interior design studio that has been consistently ranked among the world's top luxury design firms. As a brand, NICOLEHOLLIS enjoys iconic status in the world of design, with a combination of refinement, innovation, exquisite craftsmanship, an eye for detail and a high level of quality and professionalism through the entire design and construction process. NICOLEHOLLIS stands at the forefront of the highly competitive luxury interior design industry.

SABRINA MONTE-CARLO

Based in Monaco, the interior design studio Sabrina Monte-Carlo has specialised in high-end residential and yachting projects since 1999. With over 50 members, their team of experienced naval architects works on new builds and refits, from dayboats to superyachts, ensuring that every aspect of the interiors is harmonious and functional. The studio prides itself on working closely with clients to ensure that their vision is brought to life in every detail.

JENAN HAJJAR

Based in Canada, Jenan Interior Design is a distinguished firm renowned for its expertise in high-end residential projects, both on land and at sea. With a portfolio boasting 40 successful projects on the world's largest residential ship, the firm is committed to delivering unparalleled design solutions and pushing the boundaries of luxury interior design. Rooted in a deep appreciation for nature, Jenan Interior Design blends clean geometry and understated elegance, thoughtfully customising to clients' preferences.

LENNY KRAVITZ

Kravitz Design is a conceptual creative studio founded by Lenny Kravitz in 2003. With a modern sensibility and a focus on interiors, industrial design, branding and graphic design, the work of Kravitz Design always conveys a soulful elegance through a natural, relaxed sense of style.

CHENOT

Highly personalised treatments and state-of-the-art diagnostics by the world's leading health and wellness company.

THE CHENOT METHOD®, AT SEA

Every resident will have access to Chenot's world-renowned medical, health and wellness programmes. Honed over 50 years, the Chenot Method aims to future-proof the body from age and restore it to a state of youthful vigour and functionality. All of this will take place in a cutting-edge 1,900-square-metre combined health, wellness, spa, fitness and medical facility on board ULYSSIA.

WELLNESS

Combining traditional Chinese medicine with precision medicine, Chenot uses state-of-the-art diagnostics, highly personalised treatments and detoxification techniques to reset the body at the cellular level. Residents will have access to the full range of Chenot's anti-ageing products.

SPA & BEAUTY SALON

Residents can rejuvenate their body and soul with treatments and specialty offerings designed to pamper, soothe and relax. In addition to a menu of world-class massages, facials and scrubs, the spa includes saunas, steam rooms, hydrotherapy treatments and hammams. These will be complemented by a full-service hair and beauty salon offering cuts and colour by talented stylists, alongside makeup services, manicures, pedicures and other aesthetic services.

SPORTS & FITNESS

ULYSSIA will offer no shortage of ways to stay fit and active, both on shore and on board. At sea, residents will have access to a multi-purpose sports complex, group fitness studios, a jogging track and world-class gym equipment comprising free weights and machines. Away from ULYSSIA, residents can enjoy their favourite activities such as hiking, kayaking, swimming and biking.

MEDICAL

Staffed by certified doctors, specialists and dentists, the medical centre will provide consultation and diagnostic services, surgical procedures, specialised treatments, rehabilitation and physiotherapy treatments, dental services and emergency care.

With a science-based approach, the Chenot medical team will carry out diagnostic tests to assess the impact of a resident's lifestyle on their body, personalise their programme and unlock their potential to reset. Residents will obtain optimal health at any age, improve their performance and become stronger than the first day they stepped aboard the yacht.

The medical centre will offer the latest remote connections with the best medical practices globally and will be fitted with cutting-edge technology including X-ray, MRI, CT, endoscopy and ultrasound equipment.

INSPIRING THE NEXT GENERATION

EXAMPLE ITINERARY

Embark on a remarkable three-year journey across all seven continents, immersing yourself in the beauty and diversity of our planet. This unparalleled voyage will incorporate:

Over 320 ports of call.

More than 150 countries.

Awe-inspiring expeditions, from Antarctica to the Sea of Cortez, Papua New Guinea to the African Savannah.

Every destination on this itinerary has been carefully chosen to inspire wonder, rekindle curiosity and deepen your connection with the world.

A ULYSSIA DAY

DISCOVER THE ICEBOUND WONDERS OF THE ARCTIC

From the warmth of your private residence, wake to the sun's first rays illuminating Greenland's icy floes. Head down to the bakery, where the aroma of loaves of freshly baked rye bread, crafted with local grains, fill the air.

This is no ordinary morning - this is a call to explore the world's untouched corners from the sanctuary of ULYSSIA.

Start your adventure with a helicopter ride to a pristine, untouched slope, far beyond the reach of any ski resort. Glide down powdery, uncharted snow, each descent connecting you to Greenland's stark, silent beauty.

Back on board, a chef has prepared a Japanese omakase experience in your residence. Seated by your floor-to-ceiling windows, enjoy the delicate flavours, each bite an artistic creation, as you take in the awe-inspiring view: a polar bear and her cubs moving gracefully across the ice, their forms stark against the endless white landscape.

Drawn by the quiet mystery of the deep, reconnect with nature in the afternoon as you embark on an underwater journey in one of ULYSSIA's Triton Submarines. Explore the icy, tranquil waters, discovering rare creatures including river dolphins, gracefully weaving among submerged icebergs.

Returning to the yacht before dusk, restore yourself with a deep-tissue massage in the Chenot spa.

As night falls, let your senses lead the way. Indulge in Nordic-inspired dishes crafted from locally sourced ingredients, as you share stories of the day's extraordinary moments with friends and family.

After dinner, ULYSSIA's world opens up anew, with entertainment offerings that transport you. Step into an enchanting world of Greenlandic cultural tradition with a captivating drum and mask dance performance. Find yourself both thrilled and amused by this unforgettable glimpse into Greenland's social, spiritual and mystical roots.

Return to your residence via the extensive ULYSSIA library, where you take out The Illustrated Atlas of the Universe. The moon casts a silvery glow across the ice floes, transforming the world into a luminous dreamscape, as you study the stars from your private terrace and catch a rare glimpse of the Aurora Borealis. Enjoy the stillness of the Arctic night and the tranquil beauty of this untouched world before your own eyes.

Drift into sleep with visions of new horizons and untold wonders, knowing tomorrow brings another ULYSSIA day - another filled with discoveries and memories that will stay with you wherever the journey leads.

CULTURAL AND CULINARY CONNECTION IN VIBRANT RIO DE JANEIRO

Awaken to the vibrant colours and sounds of Rio de Janeiro, with Sugarloaf Mountain and Guanabara Bay just beyond your window.

Begin with a family breakfast at one of ULYSSIA's seven restaurants, savouring fresh tropical fruit and locally sourced coffee to fuel a day rich with culture and discovery.

While your children engage in morning studies with their onboard tutor, set out for a private helicopter tour above Rio's lush rainforest. Marvel at the exotic wildlife from above as your expert guide points out hidden gems, before landing for an immersive, guided trek on the forest floor.

Reunite on board for a relaxed beachside-inspired lunch by the pool, before setting off for a family experience with a cultural preservation project.

Meet Brazilian artisans dedicated to revitalising traditional crafts and participate in a hands-on workshop where each family member creates a unique keepsake. Guided by these master artisans, you'll uncover the significance and heritage woven into each piece.

Once back on board ULYSSIA, head to the Culinary Studio for a family cooking class to explore Brazilian flavours. The children craft brigadeiros - Brazil's beloved chocolate treats - while the adults learn the secrets of feijoada, a classic Brazilian stew.

As night falls and Rio's city lights sparkle along the coastline, escape to the privacy of your residence terrace for a family dinner crafted by a local guest chef. Each dish blends traditional flavours with a modern twist that captures the essence of Brazil's culinary landscape.

For one final adventure, embark on an exclusive beach landing at a secluded spot, complete with a bonfire and marshmallows for roasting. Under the stars and to the distant hum of the city, reflect on the day's discoveries with your children, as the warmth of the fire and the rhythm of Brazilian music bring this inspiring day in Rio to a close.

A UNIQUE LIFE, UNLOCKED.

BENEFITS OF BEING A ULYSSIA OWNER

Access best-in-class wellness and medical services on board.

Enjoy the utmost privacy, safety and security.

Become a member of one of the most exclusive communities in the world, with a quest for knowledge, adventure and philanthropic purpose.

RIGHTS OF OWNERSHIP

Ownership is a shared freehold whereby the residents own the yacht in perpetuity, in proportion to the square footage of each residence. The yacht will operate for many years, but at some point, owners may decide that she has reached the end of her serviceable life and she could be positioned permanently as a residential asset, in a prime location where the most valuable real estate resides.

The right to welcome friends and family aboard and make full use of your ULYSSIA residence.

Members of the homeowners' association (HOA) elect representatives to serve on the board of directors, tasked with advocating for residents' interests. Additional advisory committees can be formed as needed to assist management in overseeing yacht and lifestyle operations.

Residents play a role in shaping the yacht's itinerary and destination experiences.

An aerial photograph of a vast, snowy mountain range under a clear blue sky. In the foreground, a large, snow-covered rock formation juts out into a dark blue lake. The lake is filled with numerous small, white icebergs. In the background, more snow-capped mountains rise, their peaks partially hidden by soft, white clouds. The overall scene is one of serene, cold beauty.
