

Set to become the most exclusive residential community at sea, ULYSSIA is a state-of-the-art yacht transforming the concept of discovery and home. Featuring 133 exceptional residences and 22 guest suites, ULYSSIA promises to deliver a life without boundaries to those who dare to dream.

Bringing a concept like this to life is no small feat. The yachting division of Meyer Werft, MEYER YACHTS, has been enlisted to ensure the highest build quality possible, renowned as the leading authority in modern shipbuilding and known for crafting vessels that stand in a class of their own. Marking a milestone moment within ULYSSIA's journey, the build process is scheduled to begin later this year in Papenburg, Germany, where MEYER YACHTS is headquartered.

World-renowned naval architect Espen Øino is spearheading the design of ULYSSIA, with over two decades of experience in crafting custom yachts and superyachts for clients across the globe. Working closely with the ULYSSIA team, Øino has used his extensive expertise to push the concept of a residential vessel beyond anything ever seen before.

Francesca Muzio's eponymous studio, FM Architettura, will lead on the interior design of all communal spaces on board, while many more acclaimed designers – from Jean-Michel Gathy to Sabrina Monte-Carlo – will be available to help owners bring their private spaces to life.

The team behind the project is focused on ULYSSIA being much more than simply the next best luxury yacht. Instead, they want

# LIVE WITHOUT BOUNDARIES

to build a diverse community from all corners of the world, united by a spirit of adventure and a shared passion for exploration. In partnership with trailblazers in their industry, EYOS Expeditions, ULYSSIA's residents will have the opportunity to travel to the world's most iconic destinations – from the icebound wonders of the Arctic to Rio de Janeiro's lush rainforest – making unforgettable memories in doing so. EYOS Expeditions will provide residents with the rare opportunity to help craft ULYSSIA's itinerary and the once-in-a-lifetime adventures set to shape it.

"The concept behind ULYSSIA is, quite simply, travelling the world from the comfort of your home. Every day, you go out and you explore these magnificent destinations all over the globe, but you come home to familiarity, to people who know who you are, who know what your needs are and how to take care of all your preferences." – Alain J Gruber, CEO of Ulyssia Residences

Alongside these extraordinary experiences, ULYSSIA's community will get to step back on board and delight in all of the comforts of life at home, with the world as their backyard. When it

comes to wellbeing, the world's leading health and wellness brand, Chenot will offer all residents access to its highly personalised treatments and state-of-the-art diagnostics. This will take place in a cutting-edge 1,900-square-metre combined health, wellness, spa, fitness and medical facility. First-class amenities and service will enhance the on board experience to new levels, promising everything one could imagine for an extraordinary life at sea. These will include seven restaurants, a gourmet food market, two indoor padel tennis and pickleball courts, three pools, a world-class yacht club and marina, two helicopters, two state-of-the-art Triton submarines and much more. For families, there will be first-class educational facilities and on board tutoring. ULYSSIA offers endless opportunities for young minds to grow through a dedicated youth programme. From marine science labs and stargazing sessions to creative workshops and cultural classes, there's something for every young adventurer.

Humanitarian stewardship is at the forefront of the project too. ULYSSIA is engineered to be the most sustainable vessel ever built at delivery, and every aspect of her extraordinary journey is designed to the highest sustainability and ecological standards. In collaboration with local organisations, the aim is always to leave a positive, lasting impact on the places ULYSSIA visits.

“THE CONCEPT BEHIND ULYSSIA IS, QUITE SIMPLY, TRAVELLING THE WORLD FROM THE COMFORT OF YOUR HOME. EVERY DAY, YOU GO OUT AND YOU EXPLORE THESE MAGNIFICENT DESTINATIONS ALL OVER THE GLOBE, BUT YOU COME HOME TO FAMILIARITY, TO PEOPLE WHO KNOW WHO YOU ARE, WHO KNOW WHAT YOUR NEEDS ARE AND HOW TO TAKE CARE OF ALL YOUR PREFERENCES.”

Alain J Gruber, CEO of Ulyssia Residences

In a few years, ULYSSIA will set sail on her maiden voyage from Monaco. In the meantime, you can stay up to date with her journey by following @myulyssia on Instagram or visiting ulyssia.com.
