Discovery aboard ULYSSIA reaches far beyond her decks. In partnership with EYOS Expeditions, residents will have access to journeys that span the globe - from navigating the ice-laden Northwest Passage to exploring the rich marine life of the Sea of Cortez or the unspoiled beauty of Papua New Guinea. For those drawn to the depths, ULYSSIA carries two Triton submarines, offering a rare chance to descend beneath the waves and witness the ocean from a new perspective.

Exploration continues in the skies, with ULYSSIA's own helicopter on hand for aerial adventures and a partnership with VistaJet providing residents access to a global fleet of private aircraft. Whether by sea, land or air, adventure is part of everyday life.

BEYOND EVERY HORIZON

Travel on ULYSSIA is not measured in miles, but in moments. Mornings might be spent skiing untouched powder by helicopter, afternoons wandering a bustling souk or strolling through a historic piazza, evenings anchored off a deserted atoll beneath the stars. Every voyage blends the exhilaration of discovery with the comfort of home - an ever-changing rhythm of adventure, style and wonder.

LIFE ON THE WATER'S EDGE

Before returning to your residence, visit the observation deck with the family to watch the skyline of a new city come into view as the sun sets

Back on board, the spirit of exploration continues at ULYSSIA's marina and yacht club. Here, residents can spend the afternoon on the water, with a fleet that includes a 14-metre sports fisher, sailing boats, jet skis and sea kayaks. As the day draws to a close, make your way up to the observation deck to watch a new skyline emerge on the horizon - another evening framed by discovery, adventure and the promise of tomorrow.
